**Diversity**

**THIS CASUAL DAY**

Spring is around the corner, which means it's almost time for Casual Day.

Join us on **1 September** to celebrate our diversity as part of this beautiful Rainbow Nation – regardless of colour or ability, we are all South African.

Dress vibrantly to show off your true colours. Just remember to focus on **green** (it's the colour of life, new beginnings, vitality and harmony) and to wear your Casual Day puzzle sticker.

We are ready to distribute Casual Day stickers; we just need your order. All you have to do is download and complete the attached order form and get thinking about how you'll display your uniqueness in green.
